TERMS AND CONDITIONS

1. The dealer agrees to participate in and comply with Master's contract, in accordance with the standard terms and conditions of the program.
2. The dealer agrees to the refrigerant allowance per pound. Claims will be paid at the standard rate of \$70.00/hour and a maximum of \$30.00 will be allocated for travel. In all cases, standard warranty policy takes precedence over claims for extended warranties.
3. The dealer agrees to use only genuine parts unless otherwise instructed by Master. On any components covered by manufacturer's warranty, no claims for said components shall be paid under this plan until applicable warranty has expired.
4. The warranty does not cover normal maintenance, diagnostics or service calls in which no repair is made.

 - (c) consumer requests such assignment in writing to Master.
9. In the event of a defect or complete shutdown, Master may send a written notice to the dealer requesting a repair within three working days. If the dealer has not resolved the problem within the expected time frame and has not ensured Master that the work will be done, Master reserves the right to transfer this contract to another dealer, without any compensation to the actual dealer for the loss of said contract.
10. All labor warranty coverages begin on the 91st day following equipment installation. The service dealer agrees to accept the payment terms provided by the manufacturer's standard warranty policy for the first 90 days following installation.
11. R-410A refrigerant refund is calculated at a standard rate of \$12 per pound.
